

TexaJet DX-SHE: 1 Ink, 2 Apps

Digital sublimation ink for transfer and direct printing

Digital

2012

25. Jul

One water-based sublimation ink system, serving a dual purpose: TexaJet DX-SHE is suitable for transfer as well as direct digital printing. This user-friendly characteristic coupled with brilliant colours and good fastness properties makes it the first choice for textile decoration.

Applications

TexaJet DX-SHE (Sublimation-Hybrid-Epson) was especially developed for wide format printers by Roland, Mimaki, Mutoh, and other models employing Epson DX4 and DX5 print head technologies, but has also proven itself on Super-Wide printers such as Mimaki JV5-320DS.

The substrate range includes polyester and polyamide (nylon) blended fabrics containing at least 60% polyester, or rigid polyester-coated materials. For direct printing, pre-treated polyester should be used. Application possibilities include soft signage, banners, flags, sportswear, fine art prints, and many more.

TexaJet DX-SHE – Your Benefits:

- Two-in-one ink system for 2 application techniques: Transfer and Direct Printing
 - Avoids double storage
- Deep black, intensive colours, and fluorescent shades
 - Brilliant print results
 - Excellent dot definition
 - Superb colour gamut
- Very good fastness properties
 - Light, wash, and perspiration fastness
- High environmental compatibility
 - Low odour, solvent-free
 - APEO-free (no use of surfactants which may migrate into the water during laundry)
 - Meets the dyestuff related requirements of the Oeko-Tex Standard 100
- Very good price performance ratio

Fastness according to EN ISO Standard	Light fastness	Wash fastness	Perspiration fastness
	ISO 105B02	ISO 105C02	ISO 105E04 (alkaline)
429 Yellow	6/7	4/5	4/5
435 Light Magenta	6/7	4/5	5
439 Magenta	6/7	4/5	5
455 Light Cyan	5/6	4/5	4/5
459 Cyan	5/6	4/5	4/5
488 Black	5/6	4/5	4/5
022 Orange	5/6	4/5	4/5
055 Blue	5/6	4/5	5
320 Fluor. Yellow	3/4	4/5	4/5
333 Fluor. Pink	5/6	5	4/5

Digital sublimation ink for transfer and direct printing

Quality characteristics

TexaJet DX-SHE features excellent batch-to-batch quality within market-leading tolerances and exhibits very good stability against sedimentation.

Range

1 kg units, Art.-No. 3624 97 xxx

TexaJet DX-SHE	429 Yellow
TexaJet DX-SHE	435 Light Magenta
TexaJet DX-SHE	439 Magenta
TexaJet DX-SHE	455 Light Cyan
TexaJet DX-SHE	459 Cyan
TexaJet DX-SHE	488 Black

Additional colour shades:

022 Orange
055 Blue

Fluorescent Colour Shades:

320 Fluorescent Yellow
333 Fluorescent Pink

Cleaner

TexaJet DX-UR

1 l unit, Art.-No. 3503 97 403

TexaJet DX-URS Station Cleaner

1 l unit, Art.-No. 3503 97 408
